- Python
- Java
- Network
- Database
- HTML
- CSS,Bootstrap

About Me

I am currently a student at Thomas More university of applied sciences studying Applied computer science(1st year). Born in Sofia/Bulgaria and I lived there for 18 years before moving to Belgium. My goal is to become a software engineer, that has been one of my passions for the past two years and I am motivated to develop skills for this profession!

Education

Thomas More university in Belgium

2023 - present

- In the summer of 2023, just after my graduation I moved to Belgium to pursue my goal to become a software engineer, that is why I am studying Applied Computer Science.

French Language School "Alphonse de Lamartine"

2018 - 2023

- Last stage of my Bulgarian education was in French school, where I graduated in the summer of 2023.

19th school in Sofia/Bulgaria

2011 - 2018

- My education journey began in 19th school back in 2011 and I studied there for two out of three stages of education in Bulgaria.

Softuni

- I also participated in java script course in softuni, reaching level "advanced", before going to Thomas More university.
